

# Shawn David Taylor

PhD Student - University of Florida

shawntaylor@weecology.org | Github: [github.com/sdtaylor](https://github.com/sdtaylor) | Twitter: @dataEcologist

110 Newins-Ziegler Hall, PO Box 110430, Gainesville, FL 32611-0430

## Education

**PhD** in Ecology | 2015-Present | University of Florida | Gainesville, FL | White Lab

Research: Forecasting in ecology

- Making near term phenology forecasts. <http://phenology.naturecast.org>
- What tools can be borrowed from the meteorology and climate forecasting community?

**BS** in Ecology and Conservation Biology | 2012 | University of Idaho | Moscow, ID

- Senior Thesis: Influences of soil and spatial properties on *Bromus tectorum* distribution after fire

**AS** in Computer Networking | 2005 | Truckee Meadows Community College | Reno, NV

## Publications

- Harris DJ, Taylor SD, White EP. (2018) Forecasting biodiversity in breeding birds using best practices. PeerJ 6:e4278 <https://doi.org/10.7717/peerj.4278>

## Posters & Presentations

- Taylor, S.D. and White, E.P. 2016. Ecological Forecasting and Scale. Gordon Research Conference: Unifying Ecology Across Scales. University of New England. Biddeford, ME. (Poster)
- Taylor, S.D. and Newingham, B.A. 2012. Influences of soil and spatial properties on *Bromus tectorum* distribution after fire. Annual Meeting of the Society of Range Management, Spokane, WA. (Presentation)

## Work Experience

**Lab Manager** | Agricultural Research Station | Dr. Beth Newingham | Reno, NV

May - August 2015

- Lab purchasing & field prep.
- Surveys of post-fire restoration throughout the Great Basin.

**Biological Science Technician** | U.S. Forest Service | Idaho, Montana, Oregon, Utah

May - October 2012, April 2013 - November 2014

- Botanist surveying riparian vegetation throughout the Columbia Basin.
- Tech in 2012. Crew lead in 2013. Supervisor of 4 crews in 2014.

**Systems Engineer** | Bright Technologies | Reno, NV

2006-2009

- Design, testing, & installation of storage area networks (SANs) for film and television post production.

## **Certifications**

**Instructor Training** Data Carpentry - (7/2016)

## **Honors & Grants**

2017 NSF GRFP Honorable Mention

2016 Carl Storm Underrepresented Minority Fellowship (Travel Grant)

2012 Outstanding Ecology and Conservation Biology Nominated

2012 Henry & Ingeborg Legoll Scholarship

2011 Research Award for Undergraduates NSF Idaho EPSCoR

## **Skills**

R, Python, SQL, Git, ArcGIS, QGIS, UNIX/Linux, parallel programming, high performance clusters.  
Botany. Fluency in most plants of the Western U.S. Expert in the Inland Northwest.
