Education

PhD in Ecology | 2015-Present | University of Florida | Gainesville, FL | White Lab
Forecasting in ecology
- What are the correct scales to forecast ecological models and how do you find them?
- What tools and techniques can be borrowed from the meteorology forecasting community?

Bachelor of Science in Ecology and Conservation Biology | 2012 | University of Idaho | Moscow, ID
Senior thesis: **Influences of soil and spatial properties on Bromus tectorum distribution after fire**

Publications

Posters & Presentations

- Taylor, S.D. and White, E.P. 2016. Ecological Forecasting and Scale. Gordon Research Conference: Unifying Ecology Across Scales. University of New England. Biddeford, ME. (Poster)
- Taylor, S.D. and Newingham, B.A. 2012. Influences of soil and spatial properties on Bromus tectorum distribution after fire. Annual Meeting of the Society of Range Management, Spokane, WA. (Presentation)

Work Experience

Lab Manager | Agricultural Research Station | Reno, NV | Dr. Beth Newingham
May - August 2015
- Lab purchasing & field prep.
- Surveys of post-fire restoration throughout the Great Basin.

Biological Science Technician | U.S. Forest Service | Idaho, Montana, Oregon, Utah
May - October 2012, April 2013 - November 2014
- Botanist surveying riparian vegetation throughout the Columbia Basin.
- Tech in 2012, Crew lead in 2013, Supervisor of 4 crews in 2014.

Systems Engineer | Bright Technologies | Reno, Nevada
2006-2009
- Design, testing, & installation of storage area networks (SANs) for film and television post production.

Honors & Grants

2016 Carl Storm Underrepresented Minority Fellowship (Travel Grant)
2012 Outstanding Ecology and Conservation Biology - Nominated
2012 Henry & Ingeborg Legoll Scholarship
2011 Research Award for Undergraduates NSF Idaho EPSCoR

Certifications

Instructor Training Data Carpentry - (7/2016)

Skills

R, Python, SQL, ArcGIS, QGIS, UNIX/Linux, parallel programming, HPCs
Botany. Fluency in most plants of the Western U.S. Expert in the Inland Northwest.
